Remarks

This communication responds to the Office Communication mailed September 20, 2005, for the application captioned above, wherein the Examiner indicated that the application is in condition for allowance except for formal matters pertaining to the drawings. By this amendment, claims 32-34 and 42-44 are canceled without prejudice or disclaimer of the subject matter therein. The following remarks are respectfully submitted

Drawings

The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the element related to the plush item recited in claims 32-34 and 42-44 must be shown or the feature(s) canceled from the claim(s).

Claims 32-34 and 42-44 have been canceled, without prejudice or disclaimer of the subject matter therein, rendering the objection to the drawings moot. Applicant has canceled claims 32-34 and 42-44 only to expedite allowance of the patent application, and reserves the right to prosecute claims of similar scope in a continuation application.

In view of the foregoing, it is submitted that this application is in condition for allowance. Favorable consideration and prompt allowance of the application are respectfully requested. Applicant believes no fee is due to enter the present Amendment. The Commissioner is hereby authorized to charge any additional filing fees required to Deposit Account No. 061910. The Examiner is invited to telephone the undersigned if the Examiner believes it would be useful to advance prosecution.

Respectfully submitted,

Dated: September 30, 2005
